

***The Mission of Polk County  
Problem Solving Courts  
D.U.I. Drug Court Program***

The D.U.I. Drug Court provides judicial oversight, probated supervision and intense outpatient treatment to keep repeat D.U.I. Offenders sober. Using a “one Judge, one team” strategy that blends the expertise of the judge, prosecutors, defense attorneys, treatment providers and probation officers, the D.U.I. Drug Court governs offender compliance and progress.

Upon acceptance of the offender’s plea to the D.U.I. charge, the offender is placed on supervised probation. During this time, the D.U.I. offender is required to comply with the statutory requirements of Florida Statutes 316.193 and 322.28 and complete all phases of D.U.I. Drug Court.
