## **SASSI**

**Substance Abuse  
Subtle Screening  
Inventory**

**Polk County Courthouse  
Bartow, Florida**

## **What is SASSI?**

The Substance Abuse Subtle Screening Inventory (SASSI) is a brief, easily administered psychological questionnaire. It is available in both adult and adolescent versions.

The SASSI can identify people who may have a Substance Use Disorder with a high degree of accuracy—even when someone is reluctant to self-disclose.

## **How can the SASSI help?**

The SASSI can make screening and evaluations simpler, more objective, and is useful in developing treatment plans and goals.

## **Where is the SASSI used?**

Alcohol/Drug Treatment Programs

Behavioral Health

Drug Courts

Impaired Driving Intervention

Student Assistance

Criminal Justice

D.O.T. Evaluations

## **Why trust SASSI Questionnaires?**

### **Experience**

The SASSI Institute Questionnaires are used in over a million interventions every year.

### **Research**

Each of the SASSI Institute instruments are carefully developed and highly accurate.

### **Results**

Reliable and informative results that can be helpful in treatment and planning.
